8. Education is not a luxury, but a basic human right and as such should be free for everyone irrespective of personal wealth.

Do you agree or disagree?

9. Some people think that children's free time must include educational activities otherwise they will waste their time.

What is your opinion?

10. Formal examinations are the only effective way to assess a student's performance. Continual assessment such as course work and projects is not a satisfactory way to do this.

To what extent do you agree or disagree with this statement?

11. Global warming is one of the most serious issues that the world is facing today.

What are the causes of global warming and what measures can governments and individuals take to tackle the issue?

12. Logging of the rain forests is a serious problem and it may lead to the extinction of animal life and human life.

Discuss.

13. Currently there is a trend towards the use of alternative forms of medicine. However, at best these methods are ineffective, and at worst they may be dangerous.

To what extent do you agree with this statement?

14. The percentage of overweight children in western society has increased by almost 20% in the last ten years.

Discuss the causes and effects of this disturbing trend.

15. Eating a balanced diet is the most important factor for a healthy life.

To what extent do you agree?

16. Developed countries have created many environmental problems in the World, particularly in their contribution to global warming.

What can be done to reduce the dangers of global warming?

17. In the last 20 years there have been significant developments in the field of information technology (IT), for example the World Wide Web and communication by email. However, future developments in IT are likely to have more negative effects than positive.

To what extent do you agree with this view?

18. In order to solve traffic problems, governments should tax private car owners heavily and use the money to improve public transportation.

What are the advantages and disadvantages of such a solution?

19. Do the dangers derived from the use of chemicals in food production and preservation outweigh the advantages?

20. Many of the medical problems that people are experiencing in today's world are due to the fact that we have a very sedentary lifestyle.

To what extent do you agree?

21. Stress is now a major problem in many countries around the world.

What are some of the factors in modern society that cause this stress, and how can we reduce it?

22. These days, we are seeing an increasing amount of violence on television, and this is having a negative impact on children's behaviour.

Do you agree or disagree?

23. Nowadays, families are not as close as in the past and a lot of people have become used to this.

Explain the reasons for this and discuss any possible effects it may have on society.

24. Smokers have rights too, so they should be allowed to smoke in public places.

To what extent do you agree or disagree with this statement?

25. Smoking not only harms the smoker, but also those who are nearby. Therefore, smoking should be banned in public places.

To what extent do you agree or disagree?

26. Some people think that the best way to reduce crime is to give longer prison sentences. Others, however, believe there are better alternative ways of reducing crime.

Discuss both views and give your opinion.

27. Levels of youth crime are increasing rapidly in most cities around the world.

What are the reasons for this, and suggest some solutions.

28. There is an increasing trend around the world to have a small family rather than a large family.

What are some of the advantages and disadvantages of having a small family rather than a large family?

29. Overpopulation of urban areas has led to numerous problems.

Identify one or two serious ones and suggest ways that governments and individuals can tackle these problems.

30. People use computers when they work or go banking, but some argue that it will make people isolated and decrease their social skills.

To what extent do you agree with this viewpoint?

31. Some people think that computers are more of a hindrance than a help in today's society. Others believe that they are such indispensable tools that they would not be able to live or work without them.

Discuss both opinions and give your opinion.

32. Nowadays many people have access to computers on a wide basis and a large number of children play computer games.

What are the negative and positive impacts of playing computer games and what can be done to minimize the bad effects?

33. Do you think that modern technology, such as the internet and computers will ever replace the book or the written word as the main source of information?

34. Genetic engineering is an important issue in modern society. Some people think that it will improve people's lives in many ways. Others feel that it may be a threat to life on earth.

Discuss both opinions and give your opinion?

35. Some of the methods used in advertising are unethical and unacceptable in today's society.

To what extent do you agree with this view?

36. Are famous people treated unfairly by the media? Should they be given more privacy, or is the price of their fame an invasion into their private lives?

37. As people live longer and longer, the idea of cloning human beings in order to provide spare parts is becoming a reality. The idea horrifies most people, yet it is no longer mere science fiction.

To what extent do you agree with such a procedure?

Have you any reservations?

38. The education a child receives at home from having parents who are positive role models is more important than the academic education a child receives at school. To what extent do you agree or disagree?

39. People are now living longer than ever before and many old people are unable to look after themselves. Some people believe that it is the responsibility of families to look after the elderly, while others say governments should provide retirement homes for them where they can be looked after properly.

Discuss both opinions and give your opinion?

40. It is commonly thought that it is healthy for adults to maintain an outside interest in order to relax or stay fit. Compare the advantages and disadvantages of 3 of the following sports and pastimes:

*tennis *walking *visiting museums *reading *joining a club *going to a gym

41. Some people believe that competitive sports have a positive effect on children's education, while others believe there is no place for such sports in schools. Discuss both points of view and give your own opinion.

42. Nowadays many jobs are more stressful and the working day is longer.

What are the reasons for this?

What can employers do to help employees?

43. Many people want their country to host an international sporting event. Others believe that international sporting events bring more problems than benefits. Discuss both views and include your opinion, supported by examples.

44. More and more qualified people are moving from poor to rich countries to fill vacancies in specialist areas like engineering, computing and medicine. Some people believe that by encouraging the movement of such people, rich countries are stealing from poor countries. Others feel that this is only part of the natural movement of workers around the world. Give your opinion.

45. Some people say that young people today do not make good use of their leisure time and that they spend too much time inside watching television and playing video games and that they should rather spend more time outside engaging in physical activities. To what extent do you agree or disagree?
